(+964) 781 804 929 8   harith2alharith@gmail.com   Baghdad, Iraq

PROFILE

Enthusiastic Front-End Web Developer skilled in HTML, CSS, JavaScript(ES6), Git, and React. Specializes in Next.js and Tailwind CSS. Currently aiming to acquire Framer Motion, TypeScript, Redux, and also lighthouse (as a powerful tool to help me fix performance issues in my web pages as well as other aspects of a progressive web page such as SEO and Accessibility) in my skills pocket as well as learning and practicing new concepts in data structures and algorithms whenever possible. Proficient in building visually appealing, responsive web applications with Next.js and Tailwind CSS. Strong communication and collaboration skills. Aiming to create a React library for streamlined development. Organized, time-efficient, and expanding linguistic skills in German. Seeking internship or entry-level opportunities for growth in web development.
